

CESAR DARIO AGUILAR

AI Engineer | AI Agents · LangChain · LangGraph · n8n · RAG · AWS · MCP | Open to Remote Roles
Formosa, Argentina · cda.admin@aigis-cloud.com · linkedin.com/in/cesar-dario-aguilar-ai

SUMMARY

Chemical Engineer turned AI Engineer, applying Python, LangChain, RAG and n8n automation inside a highly regulated healthcare environment since 2023. Building toward AI/Cloud/Security Engineer roles with international remote teams, backed by hands-on projects in AWS, AI agents and automation pipelines.

SKILLS

Python · LangChain · Retrieval-Augmented Generation (RAG) · AI Agents · n8n · Machine Learning (ML) · AWS / Cloud Computing · Automation · Prompt Engineering · Large Language Models (LLMs)

EXPERIENCE

Artificial Intelligence Engineer — CEMENURNK Feb 2023 – Present · Formosa, Argentina

- Designing and deploying AI-driven automation solutions to streamline operational workflows in a regulated healthcare setting
- Built automation pipelines with n8n to reduce manual, repetitive operational tasks
- Developed Python-based tools for data processing and decision support
- Exploring Retrieval-Augmented Generation (RAG) and AI agents to enable natural-language access to internal documentation and procedures

Radiation Protection Supervisor — Nuclear Medicine and Radiotherapy Center Feb 2015 – Present · Formosa, Argentina

- Lead and coordinate radiopharmaceutical production teams, ensuring safety, quality and regulatory compliance
- Apply AI and automation tools to optimize quality control and reporting workflows in a nuclear medicine facility

PROJECTS

local-rag-second-brain — Fully local RAG pipeline over an Obsidian vault (Ollama, ChromaDB, LangChain). github.com/cd-aguilar/local-rag-second-brain

rag-api-cloud — Production RAG API on AWS: FastAPI + Bedrock, Docker, Terraform, GitHub Actions CI/CD. github.com/cd-aguilar/rag-api-cloud

agent-orchestrator-soc — Multi-agent security alert triage system built with LangGraph, Ollama, and RAG over MITRE ATT&CK. github.com/cd-aguilar/agent-orchestrator-soc

EDUCATION & CERTIFICATIONS

Chemical Engineering — Universidad Nacional de Cuyo (1998 – 2007)

Deep Learning Specialization (DeepLearning.AI, 2024) · Advanced Learning Algorithms & Machine Learning (Coursera, 2024)

LANGUAGES

English (Professional working proficiency) · Spanish (Native)
